## **Paper III: Topic Related Practical/Contact Sessions**

### **Objectives**

1. To help the student to crystallize topic of research
2. To provide the student relevant and timely guidance for conducting research
3. To ensure the quality of dissertation

### **Contents**

This paper will be conducted in the form of contact sessions. Relevant and recognized research guides will conduct minimum 10 contact sessions of one hour each for each topic. The contact sessions will aim at helping each student to identify the topic, formulate aims and objectives, design hypothesis, prepare a plan of research and make the relevant reading. The students will be required to give seminars, make PowerPoint presentations and to actually begin their serious research along with these sessions. The contact sessions will be spaced out over the second and the third terms and will be treated as teaching hours.

### **Evaluation**

Each student will be required to complete two assignments as a part of the internal assessment; one will be home assignment based on the relevant background reading and the other will be a PowerPoint presentation on the final research proposal. Each assignment will carry 20 marks. The final examination will carry 60 marks. It will consist of six (out of eight) short answer questions on the topics ranging from identifying topic to using standard style sheets.
