University of Pune
Three Year B. Sc. Degree Course in
Zoology

Principal Dr. D. K. Mhaske
Chairman,
Board of Studies in Zoology
University of Pune, Pune 411 007.
1) **Title of the Course : B. Sc. Zoology**

**F. Y. B. Sc. Zoology**

*(To be implemented from Academic Year 2013-14)*

2) **Preamble:**

The well organized curricula including basic as well as advanced concepts in the Zoology from first year to the third year shall inspire the students for pursuing higher studies in Zoology and for becoming an entrepreneur and also enable students to get employed in the Biological research Institutes, Industries, Educational Institutes and in the various concerning departments of State and Central Government based on subject Zoology.

3) **Introduction:**

At **first year of under-graduation** the topics related to the fundamentals of zoology, including exposure to diversity in animal groups and industries based on the zoological areas are covered. The practical course is aimed to equipped the students with skills required for animal identification, morphological, anatomical, technical description, classification and also applications of zoology in the various industries.

At **second year under-graduation**: The level of the theory and practical courses shall be one step ahead of the first year B.Sc. courses based on content of first year shall be introduced.

At **third year under-graduation**: Theory and practical courses in each semester shall deal with the further detailed studies of the various disciplines of the zoology subject and other branches of zoology such as Genetics, Animal Physiology, Molecular biology, Biochemistry, Microtechnique, Nonchordate and Chordate, Developmental Biology, Histology. Cell Biology, Biodiversity, Public health and hygiene, Pathology, Entomology, Biotechnology, etc. The students will also learn about use of various technical skills in the biological sciences to be helpful during research in the zoology subject.

**Objectives:**

- To provide thorough knowledge about various animal sciences from primitive to highly evolved animal groups
- To make the students aware of applications of Zoology subject in various industries
• To highlight the potential of various branches to become an entrepreneur
• To equipped the students with skills related to laboratory as well as field based studies
• To make the students aware about conservation and sustainable use of biodiversity
• To inculcates interest and foundation for further studies in Zoology
• To address the socio-economical challenges related to animal sciences
• To facilitate students for taking up and shaping a successful career in Zoology

4) Eligibility:

1 First Year B.Sc. : A student who has passed the Higher Secondary School Certificate (10+2) Science stream with Biology or its equivalent examination as per the University of Pune eligibility norms.

2 Second Year B.Sc. : Keeping terms of First Year of B. Sc. with zoology as one of the subjects. Other students if they fulfill the conditions approved by the equivalence committee of Faculty of Science of the University of Pune are also eligible.

3 Third Year B.Sc.: Student shall pass all First Year B. Sc. courses and satisfactorily keeping terms of Second Year of B. Sc. with zoology as one of the subjects.

Note: Admissions will be given as per the selection procedure / policies adopted by the respective college, in accordance with conditions laid down by the University of Pune. Reservation and relaxation will be as per the Government rules.

5 A) Examination Pattern:

First Year B. Sc. Zoology

Pattern of Examination: Annual

Theory courses  
Zoology Theory Paper I : Annual
Zoology Theory Paper II : Annual

Practical Course  Annual

* Subject to compulsory passing in external examination and getting minimum 40 marks out of 100

Notes:
1. Total marks: Theory (100 + 100) = 200 marks
2. Total marks per year 200 (Theory) + 100 marks (practicals) = 300 marks
3. Internal marks for theory papers given on the basis of internal assessment tests

**Theory examination** will be of three hours duration for each theory course. There shall be 5 questions each carrying equal marks. The pattern of question papers shall be:

| Question 1 | 8 sub-questions, each of 2 marks; answerable in 2-3 lines and based on entire syllabus |
| Question 2 and 3 | 4 out of 6 - short answer type questions; answerable in 8 – 10 lines |
| Question 4 | 2 out of 4 – Descriptive answer type questions, answerable in 15 – 20 lines |
| Question 5 | 1 out of 2 – Descriptive answer type questions, answerable in 35 – 40 lines |
**Internal examination:** Internal assessment of the student by respective teacher will be based on written test, 10 marks in each term. The written test shall comprise objective type questions – Multiple Type Questions, True / False, Definitions, Answer in one or two line questions. There shall be 20 questions.

**Practical:** Regular assessment of each practical for 20 marks each: Marks for journal: 10, Marks for attendance: 05, Marks experimental skills: 03, Practical Work Book: 02

**Practical Examination:** Practical examination shall be conducted by the respective college at the end of the academic year. Practical examination will be of more than 4 hours duration. Certified journal is compulsory to appear for practical examination. There shall be two expert and two examiners per batch for the practical examination.

**Second Year B. Sc. Zoology**

Pattern of examination: Semester

Theory courses

ZY-211 and ZY-212: Semester

ZY-211 and ZY-212: Semester

Practical Course: Annual

</tbody>
</table>

**Internal examination:** Internal assessment of the student by respective teacher will be based on written test, 10 marks each Semester. The written test shall comprise of objective type questions – Multiple Type Questions, True / False, Definitions, Answer in Two or three line question. There shall be 20 questions.
Practicals: Regular assessment as described earlier (regular assessment of each practical for 20 marks each: Marks for journal: 10, Marks for attendance: 05, Marks experimental skills: 03, Practical Work Book: 02)

**Practical Examination:** Practical examination shall be conducted at the respective college at the end of the academic year. Practical examination will be of more than 4 hours duration. Certified journal is compulsory to appear for practical examination. There shall be two expert and two examiners per batch for the practical examination. One of the examiners will be external.

5 B) **Standard of Passing:**

i. In order to pass in the first year theory examination, the candidate has to obtain 40 marks out of 100 in each course. (Minimum 32 marks out of 80 must be obtained in the University Theory Examination.)

ii. In order to pass in the Second Year and Third Year theory examination, the candidate has to obtain 20 marks out of 50 in each course of each semester. (Minimum 16 marks out of 40 must be obtained in the University Theory Examination.)

iii. In order to pass in practical examination, the candidate has to obtain 40 marks out of 100 in each course. (Minimum 32 marks out of 80 must be obtained in the University Examination.)

5 C) **ATKT Rules:**

While going from F.Y.B.Sc. to S.Y.B.Sc. at least 8 courses (out of total 12) should be passed; however all F.Y.B.Sc. courses should be passed while going to T.Y.B.Sc.

While going from S.Y.B.Sc. to T.Y.B.Sc., at least 12 courses (out of 20) should be passed (Practical Course at S.Y.B.Sc. will be equivalent to 2 courses).

5 D) **Award of Class:**

The class will be awarded to the student on the aggregate marks obtained during the second and third year in the principal subject only. The award of the class shall be as follows:

<table>
<thead>
<tr>
<th>Rank</th>
<th>Aggregate</th>
<th>Class</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>70% and above</td>
<td>First Class with Distinction</td>
</tr>
<tr>
<td>2</td>
<td>60% and more but less than 70%</td>
<td>First Class</td>
</tr>
<tr>
<td>3</td>
<td>55% and more but less than 60%</td>
<td>Higher Second Class</td>
</tr>
<tr>
<td>4</td>
<td>50% and more but less than 55%</td>
<td>Second Class</td>
</tr>
<tr>
<td>5</td>
<td>40% and more but less than 50%</td>
<td>Pass Class</td>
</tr>
<tr>
<td>6</td>
<td>Below 40%</td>
<td>Fail</td>
</tr>
</tbody>
</table>
5 E) External Students:
There shall be no external students.

5 F) Setting of question papers:
F. Y. B. Sc.: For theory papers I and II annual question papers shall be set by the University of Pune and assessment done at the respective colleges. Questions should be designed to test the conceptual knowledge and understanding of the basic concepts of the subject. For Practical Paper III, papers shall be set by the University of Pune and assessment done at the respective colleges.

S. Y. B. Sc. and T. Y. B. Sc.: For theory papers for each semester and also for the annual practical examination, question papers shall be set by the University of Pune. Centralized assessment for theory papers done as per the University instructions. Questions should be designed to test the conceptual knowledge and understanding of the basic concepts of the subject. For Practical Papers, papers shall be set by the University of Pune and assessment done by the internal examiner and external examiner appointed by University of Pune.

5 G) Verification and Revaluation Rules:
As per University Statues and Rules for verification and revaluation of marks in stipulated time after declaration of the semester examination result.

6) Course Structure:

Duration: The duration of B.Sc. Zoology Degree Program shall be three years.

a) Compulsory Papers:
F. Y. B. Sc.: 2 Theory + 1 Practical (Annual)
S. Y. B. Sc.: 2 Theory per semester + 1 Practical (Annual)
T. Y. B. Sc.: 6 Theory per semester + 3 Practical (Annual)

b) Question Papers:

F. Y. B. Sc. Theory paper:
University Examination – 80 marks (at the end of 2nd term)
Internal Examination – 20 marks

S. Y. / T. Y. - B. Sc. Theory paper:
University Examination – 40 marks (at the end of each term)
Internal Examination – 10 marks

F. Y. / S. Y. / T. Y. - B. Sc. Practical Paper:
University Examination – 80 marks (at the end of 2nd term)
Internal Examination – 20 marks
c) **Medium of Instruction:** The medium of instruction for the course shall be **English.**

7) **Equivalence of Previous Syllabus:**

<table>
<thead>
<tr>
<th>Old Course (2008 Pattern)</th>
<th>New Course (2013 Pattern)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Paper I: Nonchordates and Chordates</td>
<td>Animal Systematics and Diversity –I and II</td>
</tr>
<tr>
<td>Paper II: Genetics and Parasitology</td>
<td>Fundamentals of Cell Biology and Genetics</td>
</tr>
<tr>
<td>Paper III: Practical course</td>
<td>Paper III: Practical course</td>
</tr>
</tbody>
</table>

8) **University Terms:** Dates for commencement and conclusion for the first and second terms will be declared by the University authorities. Terms can be kept by only duly admitted students. The term shall be granted only on minimum 75 percent attendance at theory and practical course and satisfactory performance during the term.

9) **Qualification of Teachers:** M.Sc. Zoology or equivalent master degree in science with class/grades and NET/SET/Ph.D. as per prevailing University/Government/UGC rules.
   Term- I: Animal Systematics and Diversity –I

2. Zoology Theory Paper II
   Term I: Fundamentals of Cell Biology

   Term- II: Animal Systematics and Diversity – II

4. Zoology: Paper- II
   Term- II: Genetics

University of Pune
Draft of Syllabus to be implemented from June 2013

F. Y. B. Sc. Zoology

                 Second term: Animal Systematics and Diversity - II

                 Second term: Genetics

Paper III ZY-103: Practical course
PAPER I: FIRST TERM
ZY-101: ANIMAL SYSTEMATICS AND DIVERSITY -I

1. **Principles of classification:**
   - 1.1 Systematics-Linnaean hierarchy (Phylum, Class, Order, Family, Genus and Species)
   - 1.2 Binomial nomenclature
   - 1.3 Five kingdom classification system

2. **Salient features and classification upto classes of the following:** (any two examples from each class)
   - 2.1 Protozoa
   - 2.2 Porifera
   - 2.3 Coelenterata
   - 2.4 Platyhelminthes
   - 2.5 Aschehelminthes
   - 2.6 Annelida

3. **Study of Paramoecium :**
   - 3.1 Systematic position, Habit and habitat
   - 3.2 Structure, nutrition, excretion and reproduction (binary fission and conjugation)

4. **Study of Earthworm :**
   - 4.1 Systematic position, Habit and habitat
   - 4.2 External characters
   - 4.3 Digestive system
   - 4.4 Circulatory system
   - 4.5 Excretory system
   - 4.6 Reproductive system
   - 4.7 Nervous system and sense organs
   - 4.8 Economic importance
PAPER –I: SECOND TERM

ZY-101: ANIMAL SYSTEMATICS AND DIVERSITY – II

1. Salient features and classification upto order with one example of the following:  
   6
   1.1 Hemichordata
   1.2 Urochordata
   1.3 Cephalochordata

2. Salient features of following classes with two examples of each  
   4
   2.1 Pisces- Cartilaginous and Bony fishes
   2.2 Amphibia- Apoda, Urodela and Anura

3. Study of Frog:  
   20
   3.1 Systematic position, Habit and habitat
   3.2 External characters and sexual dimorphism
   3.3 Digestive system, food, feeding and physiology of digestion
   3.4 Circulatory system (lymphatic system not expected)
   3.5 Central Nervous system
   3.6 Sense organs
   3.7 Reproductive systems (male & female)

4. General topics:  
   6
   4.1 Migration in fishes
   4.2 Neoteny in amphibia
   4.3 Parental care in amphibia
1. Introduction to cell biology: 4
   1.1 Definition and scope
   1.2 Stains: Principle and composition of vital stains, cytoplasmic stains and nuclear stains with two examples of each
2. Structure of prokaryotic (E.coli) and eukaryotic (Plant and Animal) cell 3
3. Structure and function of cell membrane: 6
   3.1 Chemical composition
   3.2 Fluid mosaic model
   3.3 Functions of plasma membrane
4. Composition of Cytoplasm 1
5. Study of following cell organelles with respect to structure and functions in brief: 10
   5.1 Endoplasmic reticulum
   5.2 Golgi complex
   5.3 Lysosomes, peroxisomes and glyoxysomes
   5.4 Ribosomes
   5.5 Mitochondria
6. Nucleus: 5
   6.1 Shape, size, number and position
   6.2 Ultrastructure of nuclear envelope and pore complex
   6.3 Functions
7. Cell division and their significance: 7
   7.1 Cell cycle in brief
   7.2 Mitosis
   7.3 Meiosis
1. Introduction to genetics: 4
   1.1 Mendelian inheritance: laws of heredity and their practical application
   1.2 Test cross and Back cross
2. Gene Interaction: 5
   2.1 Concept of gene interaction, co-dominance and incomplete dominance
   2.2 Complementary factors (9:7)
   2.3 Supplementary Factors (9: 3:4)
   2.4 Inhibitory factors (13:3)
   2.5 Duplicate dominant factors (15:1)
3. Lethal genes in Mus musculus 1
4. Multiple Alleles: 4
   4.1 Concept, characteristics and importance of multiples alleles, ABO & Rh-blood group system and it’s medicolegal importance.
   4.2 Concept of polygenic inheritance with reference to skin color in man
5. Chromosomes: 5
   5.1 Introduction to morphology and composition
   5.2 Classification based on the centromeric position
   5.3 Types of chromosome (autosomes and sex chromosome)
   5.2 Chromosomal aberrations: structural changes
6. Sex-determination: 5
   6.1 Introduction
   6.2 Chromosomal theory of sex determination (XX-XY, ZZ-ZW, XX-XO and Haploid-Diploid method)
   6.3 Parthenogenesis and Gynandromorphism
7. Human genetics: 4
   7.1 Study of human karyotype
   7.2 Syndromes:
     a) Autosomal-Down’s (Mongolism), Patau’s, Edward’s and Cri-du-chat
b) Sex chromosomal abnormalities in man: Klinefelter’s and Turner’s syndrome

7.3 Inborn errors of metabolism: albinism, phenylketonuria and alkaptonuria

8. **Sex linked inheritance in human:**
   8.1 Colorblindness, haemophilia and hypertrichosis

9. **Cytoplasmic inheritance:**
   9.1 Kappa particles in *Paramoecium*

10. **Application of genetics:**
    10.1 Genetic counseling.
    10.2 Concept of genetic Engineering
    10.3 Eugenics
ZY-103 PRACTICAL COURSE

Practical 1. To study the classification with reasons of the following (D)
   Phylum Protozoa- *Amoeba, Euglena* and *Volvox*
   Phylum Porifera- *Sycon, Hyalonema* and *Euspogia*

Practical 2. To study the classification with reasons of the following (D)
   Phylum Coelenterata- *Hydra, Physalia* and any one coral
   Phylum Platyhelminthes- Tapeworm, Planeria and Liverfluke

Practical 3. To study the classification with reasons of the following (D)
   Phylum Aschelminthes- *Ascaris*
   Phylum Annelida- *Tubifex, Leech* and *Neries*

Practical 4. Culturing of *Paramoecium* (E)

Practical 5. Study of live *Paramoecium* (E)

Practical 6. Study of external characters, binary fission & conjugation
   in *Paramoecium* (D)

Practical 7. Study of external characters and digestive system of Earthworm (E)

Practical 8. Study of reproductive (male and female) system of Earthworm (E)

Practical 9. Study of nervous system of Earthworm (E)

Practical 10. Earthworm mounting- septal nephridia, setae and spermatheca (E)

Practical 11. Study of prokaryotic and eukaryotic cell with the help of suitable
   material (D)

Practical 12. Study of temporary preparation of different mitotic stages
   from onion root tip cells (E)

Practical 13. To study the classification with reasons of the following (D)
   Hemichordata- *Balanoglosus*
   Urochordata- *Doliolum/ Salpa*
   Cephalochordata- *Amphioxus*

Practical 14. To study the classification with reasons of the following (D)
   Cartilaginous fishes- any two
   Bony fishes- any two
   Amphibia- any three
Practical 15. Study of external characters, sexual dimorphism and digestive system of Frog with the help of model/ charts (D)

Practical 16. Study of brain of Frog with the help of model/ chart (D)

Practical 17. Study of monohybrid ratio and dihybrid ratio by providing hypothetical data and deducing applicability of Mendelian laws (three examples of each ratio) (E)

Practical 18. Preparation of culture media and maintenance of Drosophila culture (E)

Practical 19. Study of Drosophila: External characters and sexual dimorphism (D)

Practical 20. Study of Drosophila mutants (any two eye and any two wing mutant) (D)

Practical 21. Study of genetic traits in human beings (tongue rolling, widow’s peak, ear lobes, color blindness and PTC tasters/ nontasters) (E)

Practical 22. Study of normal human karyotype from metaphase chromosomal spread picture (E)

Practical 23. Study of blood groups in human (ABO and Rh) (E)

Practical 24. Study of any 3- cell organelles from electron micrographs (D)

Practical 25. Compulsory visit to vermiculture unit/biodiversity spot/ZSI/large water body (E)

Note: Minimum 18 practical are to be performed by the students.
REFERENCE BOOKS FOR F. Y. B. SC. ZOOLOGY

4. Introduction to Amphibia By Bhamrah, MS., Juneja, K., Amol Publication, Delhi
7. Life of Invertebrates By Prasad, ASN, Vikas Publishing House, New Delhi
10. Phylum Protozoa to Echinodermata (series) By Kotpal, RL., Rastogi and Co. Meerut
11. Animal Diversity By Kershaw, DR., Redwood Burn Ltd., Trowbridge
15. Functional Organization of chordates (part I and II) By Nigam HC. And Sobti, R., S. Chand and Co., New Delhi
17. Genetics By Verma, PS. And Agrawal, VK., S. Chand and Co., New Delhi
19. Genetics By Gupta, PK., Rastogi Publication, Meerut
21. Principles of Genetics By Gardner, EL., Simmons, MJ. And Snustad, DP. John Wiley and Sons
23. Cell and Molecular Biology By De Robertis, EDP. And De Robertis EME, Molt Saunders Inc.
24. Cell Biology By Powar, CB, Himalaya Publication House
27. Cell and Molecular Biology By Carp, G., John Waley, USA
29. Cell Structure and Function By Lowey, AG. and Siekevitz, JR., Menninger and Gallew, JAN., Saunder College Publication, Philadelphia
