For that we need a hall , we request you to grand us a hall for our work. In our IYF club program we are going to held some activities like Korean language , Tae Kwon Do class etc. We need a hall from In July to In December (2hours per 1 week). During the World Camp many students from India and Korea and many other countries would be attending, their main purpose would be introducing Indian students to foreign students and opening a way for their friendship. The world Camp will include Cultural performances, various events, Physical activity and this way many university students will be able to understand world's vision and experience.
