## मा. कुलगुरु प्रा. डॉ. नितीन करमळकर यांचा पदवीप्रदान समारंभप्रसंगी संदेश...

आज आपल्या सावित्रीबाई फुले पुणे विद्यापीठाचा ११७ वा पदवीप्रदान समारंभ संपन्न होत आहे. या निमित्ताने आपणां सर्वांना मनापासून शुभेच्छा!

'कोविड-१९'च्या महामारीमुळे संपूर्ण जगात आव्हानात्मक स्थिती निर्माण झाली आहे. या पार्श्वभूमीवर आजचा समारंभ आपण ऑनलाईन पद्धतीने आयोजित केलेला आहे. आपल्या विद्यापीठाची सामाजिक बांधिलकी म्हणून या प्रतिकूल काळातही समाजाचे उत्तरदायित्व म्हणून विद्यापीठातील माझ्या सर्व सहकाऱ्यांनी सर्वतोपरी प्रयत्न केलेले आहेत. त्यात प्रामुख्याने रक्तदान शिबिरे आणि रक्तदाता सूची, मास्कची निर्मिती आणि वाटप, सॅनिटायझरची निर्मिती आणि वाटप, अवयवदान प्रोत्साहन व जनजागृती सप्ताह, गरजू व्यक्तींकरिता भोजनव्यवस्था तसेच अत्यावश्यक घरगुती वस्तुंचे वाटप, कुटुंबांचे आरोग्य सर्वेक्षण असे बहुविध नाविन्यपूर्ण उपक्रमांचे आयोजन केले. यात विद्यार्थ्यांचा तसेच शिक्षकांचाही प्रत्यक्ष सहभाग, विद्यार्थी आणि समाजामध्ये जागृती व्हावी म्हणून वेबिनारद्वारे विविध ज्ञानप्रसार व ज्ञानविस्तार कार्यक्रमांचे आयोजन करण्यात येत आहे.

विद्यार्थ्यांचे शैक्षणिक नुकसान होऊ नये म्हणून आपल्या विद्यापीठाने स्वतःचा LMS platform तयार करून या माध्यमातून ऑनलाईन अध्यापन सुरु केले आहे. या प्लॅटफॉर्मचा वापर विद्यापीठ विभागातील अध्यापक उत्स्फूर्तपणे करीत आहेत. विद्यापीठाने महाविद्यालयांकरिताही अशीच प्रणाली उपलब्ध करून देण्यास सुरुवात केली व आता पर्यंत सुमारे साठ महाविद्यालये ही सुविधा यशस्वीपणे वापरत आहेत.

विद्यापीठातील अध्यापकांचे ऑनलाईन अध्यापनाच्या तंत्रज्ञानाचे प्रशिक्षण वेळोवेळी घेण्यात आले आहे. विशेष आनंदाची बाब म्हणजे आपल्या विद्यापीठाने तयार केलेले हे तंत्रज्ञान आपल्या संलग्न महाविद्यालयांबरोबरच महाराष्ट्रातील इतर विद्यापीठांकरिताही उपलब्ध करून देणे शक्य आहे. ई.एम.एम.आर.सी. आणि टि.एल.सी. यांच्या समन्वयाने अध्यापकांकरिता चौपन्न तासांचा एक कोर्स क्लाऊड बेसड विकसित करण्यात आलेला आहे. अशा अनेक बाबींची नाविन्यता आपल्या विद्यापीठाने विकसित केलेली आहे. विद्यापीठाच्या परीक्षा व मूल्यमापन मंडळाअंतर्गत 'परीक्षा मुद्रण कक्ष' स्थापन करण्यात आलेला आहे आणि आत्ताच्या पदवीप्रदान समारंभात दिल्या जाणाऱ्या प्रमाणपत्रांची छपाई या कक्षात झाली आहे. तसेच आपल्या विद्यापीठाच्या परिसरात 'ओपन जिम'चे उद्घाटन नुकतेच संपन्न झाले. या बाबी आपल्या विद्यापीठासाठी महत्त्वपूर्ण आहेत.

आजचा पदवीप्रदान समारंभ वेगळ्या अर्थाने ऐतिहासिक आहे, कारण हा ऑनलाईन पद्धतीने संपन्न होत आहे. समारंभाच्या अध्यक्षस्थानी सन्माननीय श्री. भगत सिंह कोश्यारी, कुलपती, सावित्रीबाई फुले पुणे विद्यापीठ हे आभासी पद्धतीने उपस्थित राहणार आहेत. तसेच प्रमुख अतिथी मा. डॉ. नौशाद डी. फोर्ब्स, सह-अध्यक्ष, फोर्ब्स मार्शल प्रा. लि., पुणे हे सुद्धा आभासी पद्धतीने उपस्थित असणार आहेत. या दोन्हीही मान्यवरांचे विचार स्नातकांना आणि आपणा सर्वांना नक्कीच प्रेरणादायी असणार आहेत.

कोरोना महामारीच्या या आव्हानात्मक स्थितीमध्येही मा. अधिकार मंडळातील सर्व सदस्य आणि माझ्या सर्व सहकाऱ्यांनी हा समारंभ यशस्वी करण्यासाठी प्रयत्नांची पराकाष्ठा केली. त्या सर्वांचे मी आभार मानतो.

'वार्ता'चा हा 'पदवीप्रदान विशेषांक' आज नेहमीच्या छापील अंकाबरोबरच 'ई-अंक' म्हणूनही प्रकाशित होत आहे, ही विशेष बाब आहे. अंकाला मूर्त स्वरूप येईपर्यंत अनेकांचे सहकार्य लाभते, विशेषतः कार्यकारी संपादक डॉ. धनंजय लोखंडे आणि संपादक मंडळातील सदस्य, तसेच पुणे विद्यापीठ मुद्रणालयाचे व्यवस्थापक डॉ. दत्तात्रय कुटे आणि त्यांचे सहकारी यांचे अभिनंदन!

सर्व स्नातकांचे मनःपूर्वक अभिनंदन आणि पुढील प्रगतीसाठी शुभेच्छा!

### यांचा पदवीप्रदान समारंभप्रसंगी संदेश...

सध्या संपूर्ण विश्व कोविड-१९ च्या अभूतपूर्व प्रादुर्भावाने त्रस्त आहे. सर्वत्र अर्थव्यवस्था अडचणीत आहेत. मोठ्या संख्येने लोक बेरोजगार झाले आहेत. भरीस भर म्हणून देशाला चक्रीवादळ, भारत-चीन सीमेवर निर्माण झालेल्या समस्या आदि संकटांना तोंड देणे भाग पडत आहे. कोविड-१९ च्या भयंकर आघातामुळे जाहीर झालेल्या टाळेबंदीमुळे स्थलांतरित श्रमिकांना अमर्याद यातना झाल्या. कोविड-१९ वर लस येण्यास आणखी काही कालावधी लागणार आहे. या संकटकालीन पार्श्वभूमीवर सावित्रीबाई फुले पुणे विद्यापीठाचा ११७ वा पदवीप्रदान समारंभ आज ऑनलाईन पद्धतीने संपन्न होत आहे. पदवी प्राप्त करीत असलेल्या सर्व स्नातकांचे मनापासून अभिनंदन!

शिक्षण ही खऱ्या अर्थाने दीर्घकालीन गुंतवणूक आहे. गुणवत्तापूर्ण सार्वत्रिक शिक्षणातूनच गुणवान समाज निर्माण होतो. आंतरिक उर्मी आणि विलक्षण उत्कटता ठायी असणारा तरुण हा देश बलवान करण्याच्या प्रक्रियेतील महत्वपूर्ण घटक असतो. म्हणूनच प्राप्त परिस्थिती लक्षात घेऊन ऑनलाईन एज्युकेशनच्या प्रांतात विद्यापीठाने जोरकसपणे पाऊल टाकले आहे. या कामामध्ये महाविद्यालयांचा सहभाग आणि प्रामाणिक प्रयत्न ठळकपणे दिसून येतात. पुणे नॉलेज क्लस्टर च्या माध्यमातून कोविड-१९ च्या प्रादुर्भावाचा शास्त्रीय अंगाने अभ्यास केला जात आहे. त्या अभ्यासातील परिस्थितीजन्य पुरावाच्या आधारे महानगरपालिकेला यथोचित सल्लासेवा देण्याचे फार महत्वपूर्ण काम सध्या सुरु आहे. आयसर, पुणे या नामांकित संस्थेच्या कोविड टेस्टिंगच्या कार्यात आपल्या विद्यापीठाच्या लाईफ सायन्सेस विभागाचे १५ शिक्षक अत्यंत मनोभावे, सामाजिक उत्तरदायित्वाच्या भूमिकेतून अतिशय दर्जेदार काम करीत आहेत. विद्यापीठाचे ४५ विद्यार्थी अँटिजेन टेस्टिंगचे काम महानगर पालिकेसोबत करीत आहेत.

नवीन शैक्षणिक धोरणावर वेबिनार आयोजित करून त्यांसंबंधी आवश्यक प्रबोधन विद्यापीठामार्फत केले जात आहे. राष्ट्रीय सेवा योजनेच्या विद्यार्थ्यांनी प्रचंड मोठ्या प्रमाणावर मास्क निर्मिती, सॅनिटायझर निर्मिती, रक्तदात्यांची सूची तयार करणे, कुटुंबांचे सर्वेक्षण, वृद्ध व गरजूंना घरपोच सेवा देण्याचे काम केले आहे. कोविड-१९ च्या संकटकाळी मा. कुलगुरुंनी सर्व प्रकारच्या उपक्रमांमध्ये, प्रसंगी जोखीम पत्करून सक्रीय सहभाग घेतला आहे आणि त्यामधून संवेदनशील नेतृत्वाचा आदर्श निर्माण केला आहे. त्यांच्याच चौफेर प्रयत्नांमुळे लवकरच सेन्टर फॉर मोलिक्युलर डॉयग्रॉस्टिक्स अँड रिसर्च लवकरच सुरु होत आहे. शैक्षणिक प्रवेश विभागाने Online Viva-Voce, online Synopsis Submission, पदवी अभ्यासक्रमांसाठी Proctored प्रवेश परीक्षा आदि कालसुसंगत सुधारणा स्थापित केल्या आहेत. अंतिमपूर्व परीक्षांचे निकाल निर्धारित वेळेत घोषित झाले आहेत. पदवीप्रमाणपत्रे inhouse पद्धतीने छापले जात आहेत. कोविड-१९ च्या संकटकालीन परिस्थितीमध्ये सुरक्षा व स्वच्छता कर्मचाऱ्यांनी दाखविलेली कार्यनिष्ठा खचितच नोंद घेण्याजोगी आहे. कमी कर्मचाऱ्यांच्या उपस्थितीतही प्रशासकीय विभागांनी कामाचा निपटारा अतीव संवेदनशीलतेने केला आहे. ह्या सर्व कार्यप्रवासामध्ये प्रशासकीय कर्मचारी, शिक्षक तसेच सर्वच अधिकार मंडळांच्या सदस्यांचे मोलाचे सहकार्य मिळत आहे. सर्वांचे मनःपूर्वक आभार!

जागतिक स्तरावर कोविड-१९ च्या महामारीमुळे संपूर्ण समाजिक स्वास्थ्य बिघडले आहे. अशा प्रतिकूल परिस्थितीमध्येही आपल्या विद्यापीठाने सामाजिक बांधिलकीच्या तत्वाने अनेक समाजोपयोगी ज्ञानविस्तार उपक्रमांचे आयोजन केले. विद्यार्थ्यांचे शैक्षणिक नुकसान होऊ नये म्हणून ऑनलाईन तंत्रप्रणालीचा वापर करून अध्यापनाचे काम सुरु आहे. याबाबतचा संक्षिप्त लेखाजोखा आपल्या विद्यापीठाचे आदरणीय कुलगुरु प्रा. डॉ. नितीन करमळकर यांनी आपल्या संदेशात स्पष्ट केलेला आहे. प्र-कुलगुरु मा. डॉ. एन. एस. उमराणी यांनीही आपल्या संदेशामध्ये मोलाचा सल्ला दिला आहे.

'सावित्रीबाई फुले पुणे विद्यापीठ वार्ता'चे प्रकाशक मा. कुलसचिव प्रा. डॉ. प्रफुल्ल पवार यांचे 'प्रकाशकाचे मनोगत' वाचनीय आहे. 'वार्ता'च्या सर्वच अंकांमध्ये प्रकाशित होणारे साहित्य हे अत्यंत उपयुक्त असल्याचे त्यांनी प्रकाशक या नात्याने विशद केले आहे. त्यांचे मनःपूर्वक आभार!

अतिशय कमी वेळेत 'वार्ता' अंकाची निर्मिती करणे एक आव्हानच असते. तरीही अनेकांच्या सहकार्याने 'वार्ता' मूर्त स्वरूपात येते. यासाठी अनेकांचे योगदान लाभते. परीक्षा व मूल्यमापन मंडळाचे संचालक डॉ. महेश काकडे आणि त्यांची सहकारी, डॉ. नितीन पाटील, डॉ. प्रभाकर देसाई, विशेषतः मुद्रणालयाचे व्यवस्थापक डॉ. दत्तात्रय कुटे आणि त्यांचे सहकारी, उपकुलसचिव श्रीमती सुजाता भोये, जनसंपर्क अधिकारी श्री. अमोल कचरे आणि त्यांचे सर्व सहकारी, याशिवाय ज्यांचे ज्यांचे सहकार्य लाभले त्या सर्वांचे संपादक मंडळाच्या वतीने आभार..

We, at Savitribai Phule Pune University, are deeply honoured Sir, with your gracious presence here today. On behalf of the University, once again I extend a warm welcome to you and thank you for accepting our invitation and gracing this occasion as the Chief Guest.

Ladies and Gentlemen, on this auspicious occasion, I would like to put before you a brief report of the activities and achievements of this University during the last few months.

It pleases me to state that, the Savitribai Phule Pune University (SPPU) has constantly progressed its ranking to the 651-700 slot in the recently announced QS World 2021 ranking, moving up from the 801-1000 slot in the 2020 ranking.

The university has made considerable progress as it was ranked among the top 700 (651-700 bracket), jumping nearly 150 positions from the 800 + bracket as it was mentioned last year. SPPU was announced as “India’s fastest rising public university” among traditional universities. Overall, 21 Indian institutions found a place among the top 1,000 universities in the world.

Our publications have gone up which means our research has also gone up. Our number of international students is high and we are also getting more funding from consultancy work from both industry and the government. The Perception factor of the university has also improved.

MHRD’s National Institutional Ranking Framework [NIRF] has ranked SPPU at a bright 9<sup>th</sup> position amongst the Indian Universities. In the overall ranking of all the higher education institutions in India, SPPU has been placed in a 19<sup>th</sup> position. SPPU has been consistently in the top 10 for the last four years and it is a big achievement. It is the collective efforts of the students, faculty and staff of the university.

I would specifically like to mention here that, SPPU has worked very hard during the lockdown as per the guidelines of State as well as the Central Govt. During these unprecedented times, SPPU has done so many social oriented works through our students of National Service Scheme by training them to make sanitizer and masks.

In order to prevent the spread of Covid 19, SPPU has developed a Chip for the Covid Warriors, which could provide their health information while working in the community for the safety.

It is a matter of pride to state that, one of our students from Department of Technology of SPPU has created a ventilator at a very low cost. The same has been tested at various hospitals and along with KPIT the manufacturing of this is currently going on.

Through Pune Knowledge Cluster of which SPPU is a partner institute that has conducted a serological survey, Antigen Kit, COVID testing as well as RTPCR Covid testing has been done at ISSER. The clinical data provided by Pune Municipal Corporation is modelled by the Centre for Modelling and Simulations and evidence-based suggestions are provided to Pune Municipal Corporation.

Against the backdrop of the ongoing Covid-19 pandemic, the Savitribai Phule Pune University (SPPU) has planned a new research centre for the study of viruses and allergies like Covid-19 (corona virus), the Centre for Molecular Diagnostic and Research. The facility will also include a testing facility for such viruses. The centre will focus primarily on research about viruses like Covid-19, allergies, pollution and other related things.

India-France relations are marked by mutual trust between two strategic partners who have always stood by each other. France and India have decided to give a new ambition to this partnership by opening it to new areas of cooperation and enhancing people-to-people contacts. It's my pleasure to announce here that, Savitribai Phule Pune University (SPPU) will host 3<sup>rd</sup> Indo-French Knowledge summit to be held on 4-5 March 2021. It will help to boost cooperation between Universities, Students, Academia and Industry. Pune is a major hub for industry and Education. This makes it natural destination of this summit. SPPU is a vibrant institution to host this conference. It will help for exchange of the ideas between various stakeholders from India and France.

Education and Training is an important area of cooperation. After the target of 10,000 Indian students going to study in France per year set during the state visit of President Emmanuel Macron in 2018, both sides have decided to enhance the target to 20,000 students by 2025. The exchange of expert and student exchanges is expected to grow in both directions.

To draw a road map for achieving the target of bringing in two lakh foreign students in India for education, the 'Indian Council of Cultural Relations (ICCR), the Symbiosis International (Deemed University) (SIU) and Savitribai Phule Pune University (SPPU) had organised a two-day national conference on 'Destination India - Making India The - Preferred Hub of Education. The conference was held at the Symbiosis Lavale campus on January 28<sup>th</sup> and was inaugurated by the Minister of Human Resource Development (MHRD) Ramesh Pokhriyal Nishank.

Savitribai Phule Pune University's (SPPU) Department of Defence & Strategic Studies and the Indian Air Force Headquarters, New Delhi have signed a Memorandum of Understanding to establish a Chair of Excellence in the name of Marshal of the Indian Air Force Arjan Singh and Resident Scholar Programme (RSP) for Air Force Officers at the Department of Defence & Strategic Studies, SPPU. Through this MOU, Air Headquarters has provided a grant of Rs. 1 crore for the Chair of Excellence. This is a first Chair of its kind in the country to be established in the University in the name of Marshal of the Indian Air Force Arjan Singh. The Chair will bridge the gap between the Armed Forces and academia. DDSS has already set up strategic linkages with the Indian Army and is also in the process of developing linkages with the Indian Navy.

Adding another feather to SPPU's golden cap, the National Medicinal Plants Board under the Department of Ayush of the Central Government has chosen the Department of Botany of the Savitribai Phule Pune University as the 'Western division Medicinal Plants and Information Centre'. There are total seven such centres across India and I feel pride to share that the Centre at SPPU will head the Western division which includes Goa, Gujarat, Maharashtra, Rajasthan, Dadra-Nagar Haveli and Damn Diu.

It makes me feel proud that, during the unprecedented public health emergency due to the Covid-19 pandemic, students, teachers and NSS volunteers from the University and affiliated colleges did excellent work for the society and the needy people. They have tremendously contributed to the society by producing and distributing the face masks and hand sanitizers at no cost, distributing food to the needy people during the epidemic, organized blood donation camps, made awareness through social media and also adopted some families for health survey etc.

Education should not only be value based but should also be employment-centric. The avenues of employment will be generated only if the University collaborates with the industrial sector. The University should constantly hold dialogues with the industrial sector and devise innovative and new employment-centric programmes so that such programmes benefit people from the various sectors of society.

In today's convocation ceremony, we are awarding 7035 Degrees, 13 M.Phils and 104 Ph.Ds. I extend my special congratulations to all students receiving their degrees, including Ph.Ds today.

Dear students, the knowledge that you have acquired will only have significance if it is utilized for the benefit of the society. Education is meaningful only if it is shared in society. You possess the wealth of knowledge and I sincerely hope that with the knowledge, you will not only set high standards for society but will also play an important role in irradiating social vices and thus work towards emancipation of the society.

Students should come to the fore in nationwide drives such as 'Skill India' and 'Digital India'. I am not only hopeful but have a firm believe that together you all will work with full truthfulness and with a sense of duty towards the development of the society and the country.

There is no denying of the fact that our University is leapfrogging towards making its mark in the Indian Higher Education scenario as a role model. We are continually evolving to ensure that our students are future ready leaders and thinkers who can understand the world complexities and solve the problems. We wish to innovate a model of education that combines traditional and professional knowledge with learning and real-world experiences, with the objective of nurturing students, who can excel in their chosen profession and serve as responsible citizens. This undoubtedly is a major contribution to the society at large. I am positive that, the Statutory Bodies of the University, citizens of Pune and the Government will extend their support in this mission.

All our teaching and non-teaching staff members and students have contributed significantly to the progress of Savitribai Phule Pune University and

I thank them all.

Distinguished Guests, Fresh Graduates, Students, Teachers, Administrative Staff, Parents,  
Media Representatives & Ladies and Gentlemen,

**Good Evening,**

First, my warm Congratulations to all the Graduates.

It is a pleasure and privilege for me to be with you today. Thank you Professor Karmalkar for giving me this opportunity to be with you at SPPU.

We live in truly unprecedented times. 'Unprecedented' is an over-used word - but if ever there was a time in history when it applied, this is it. We are living through an unprecedented health crisis, in terms of the countries affected, and the proportion of the population affected in each country. India is now at the centre of this world crisis - with over 4 million cases, and the highest growth rate in the world.

Unprecedented in terms of economic crisis - as each country has shut down the economy to try to stop people from moving around and interacting as a way of halting the spread of the virus. World GDP is expected to fall between 5 and 10% this year. And as you would have seen from our own figures for Q1, our GDP dropped by 24%, the largest drop in our history as a country and the highest drop in the world.

And as if the health and economic crises were not enough, the world also faces the challenge of dealing with a rising China, throwing its weight around as a new super-power. We face our own China crisis with aggression on the 3500 km border we share.

So you are all graduating in truly unprecedented times, with a simultaneous crisis of health, economy and national security. I can well imagine that you are concerned - about the world's future, our country's future, and about your own individual future and prospects. Unprecedented times call for unprecedented leadership. Can we collectively rise to the challenges we face? How can you, as newly-minted graduates, participate in this process?

A convocation address is an opportunity to indulge oneself. Since you don't get to ask any questions, this is a fine opportunity to give advice with no consequences! I thought, therefore, that I'd make a few comments about your options in these unprecedented times. I'm mindful that most of you here have just graduated, are parents of students, and are well-wishers of this University. Having a degree from a good university is a privilege; it means one automatically

has opportunities that are distinct and attractive. So these reflections are for those, like you, who have the privilege of choice.

Let's start with choosing the right career. How does one choose a career? I believe very strongly that one must enjoy what one does. This to me is an absolute. If you don't enjoy your work, change what you do. Too many of us choose fields of study and choose careers because someone tells us they are good to do. We must value English as much as Engineering, and History as much as Medicine. The same applies to all professions - teaching, or government service, or banking or whatever. And if you want to work in industry, the quality of the company matters more than its fame.

Many of you will be familiar with the theory of motivation, which is still taught in any management course. Just to remind you that factors split into motivation factors and hygiene factors. Money is a hygiene factor, if you don't have it you will be dissatisfied, but if you do have it, you may still not be satisfied. Satisfaction requires motivation, and the most enduring motivation factor is the content of the job itself. To that I would add the kind of people one works with on a daily basis. If those two are right, if one works with good people whose company one enjoys, and if the content of the job is such that the work is challenging and one learns all the time, then that will provide its own reward.

Second, to me it is important to make a difference. If you are one of 500 professionals recruited each year into a company, the chances of making a difference are very limited. That, to me, is the single big advantage of manufacturing companies over IT companies. For the IT service business, People are the Product, so recruiting more and more people is the way they grow. Even the largest Manufacturing companies recruit dozens of professionals, not hundreds and certainly not thousands, so the chance of standing out, of making a difference are much greater.

It also matters where one works. Until some years ago, I used to teach a course each year at Stanford University. I loved the course, the university, and the teaching. People used to ask me which I enjoyed more, teaching at Stanford or working in Pune. My answer was always that while I enjoyed the teaching very much, I knew that regardless of how much people liked my course, it made very little difference to the University. Stanford was a great university before I got there, and if it had never heard of me would still be a great university. I felt, though, that working in India I made more a difference - in our company, in industry in general, in the society around me. Perhaps that was just my ego speaking, but I felt, and feel, that I make a difference here - and that makes it all worthwhile.

Next, I'd like to remind you of something and then tell you a quick story. I'll then talk about your potential role as a newly-minted graduate, as a leader, so we have the right future.

I want to remind you about something you know much better than me - this University is named after Savitribai Phule. Savitribai was born in 1831, and as an OBC and a woman, was not allowed to be educated. She was married off at the age of 9 to Jyotiba Phule, who was then 13. From such humble origins, she educated herself with Jyotiba's help. Together they set up the first Indian school for girls in the country - when Jyotiba was 21 and she was 17. She was among our greatest social reformers of the 19th century addressing discrimination of caste, religion and gender throughout her life. Her story inspires us all a hundred and fifty years later. My story is about someone who works as a security guard at our factory. He said to us a few years ago with great pride that his son had graduated as an engineer and gone

to work for GE, and his daughter had qualified as a Doctor and started work in a hospital. So within a year, this family had gone from a monthly income of Rs 15,000 or so to a family income of a lakh and a half. That is what has been driving our growth forward - as you may know, consumption contributes >60% of our GDP growth. This growth is real, it is widespread, and it has thirty years to run.

Do note two things from this story. First, this security guard is not unique - there are hundreds of thousands like him. But he is also not typical, and there are many many millions of Indians who aspire to go through the same process. This, to me, is our development challenge - how do we create opportunity for all 1.3 B of our population? But note also the crucial role of education - it was the ladder of progress for our security guard's family and it was Savitribai's ladder of progress too. Her story should inspire us, with all the advantages that education has given us, to do even better. So I hope you appreciate that your education is a path to a better livelihood, and that your education is the platform for great citizenship. I will return to this topic at the end of my talk.

Let me come back to my argument of working in India. When I first started teaching my course in 1987, we lived in an India that was stuck. My favorite weekly newspaper, The Economist, did a survey of the Indian Economy in June 1991 in which it said "no where in the world is the gap between what might have been achieved and what has been achieved as great as it is in India". That is a very sobering statement [repeat]. Isn't it great, that in these 30 years so much has changed that today no one could make that same statement. So in all of the present doom and gloom of our unprecedented times, I think it is good to remind ourselves that in the last thirty years India has been one of the world's ten best performing economies. Our collective task is to ensure that we will be one of the world's ten best performing economies in the next thirty years. We cannot take this for granted. Achieving this must be our minimum ask, for any government we have, and for ourselves. But I will go further: our task is to ensure we are the world's *best* performing large economy in the next thirty years. That must be our goal - in spite of the havoc caused by the virus, our unplanned lockdowns and our continued poor handling of the spread of the virus.

Now how can we be the world's best performing economy in the next thirty years? We have progressed substantially since 1991, but we are still in the poorest one-third of countries in the world. Let's compare ourselves with our aggressive northern neighbour. In 1980, both China and India had roughly the same wealth. Today, China is over four times richer than we are. How? In these last forty years, we have grown 5.5 - 6 % a year, the best performance in our history. But China has grown 9% a year for these forty years, and that difference of 3% has made them four times richer than we are. We must do the same. If we grow 9% each year it will take us 20 years to be as rich in twenty years as China is today. That surely must be our minimum aspiration - to be as rich as China is today in twenty years time.

Let me continue with an assertion: the strength of the Indian economy rests in private individuals and our private sector. A comparison with China is always instructive. Whenever I have visited China I have been struck by the role of the government there. It truly leads the economy - investing in infrastructure in a massive way, identifying new sectors for its public and private sector to invest in, building institutions for education and research. I've also been struck on visits to China how everyone says the same thing. Whether you speak to someone in the government in Beijing, an academic or a businessman, you hear the same thing - the same priorities, the same challenges, the same tasks underway. This may all sound very

positive to you, but as an Indian I find it very unnerving. Far from a scenario where someone from the government and someone from the private sector says the same thing, I am used to the difficulty of finishing any sentence that begins with the words "Indian industrialists believe that ..."! It is this diversity of opinion that makes Indian industrialists resilient, entrepreneurial, and independent. And just as I am uncomfortable with the conformity of China, I am much more comfortable with our diversity in India - a diversity of communities, religions, languages, ethnicities, opinions, and arguments that makes us easily the world's most diverse country.

In no other country does such diversity exist. We are a vibrant and noisy democracy. And if you ask me we should oppose anyone who tries to make us conform to a narrower definition of what it means to be Indian. Our diversity is a huge strength - but we should not take it for granted. It must be protected, nurtured - and used.

We can use our diversity to lead the world in economic progress and in cultural achievement - and in building the kind of society where people from all corners of the earth will want to live.

Whose responsibility is it to provide this leadership? In an authoritarian country like China, it is the government, and the leader of that government that everyone looks to. But in our noisy democracy, leadership is much more diffuse, there is need everywhere for people to lead. This creates space for those, like you newly-minted graduates, to lead. What should you do? Let's return to our unprecedented challenges of health, economics and national security. I'd like to give you one example for each challenge of the great need for us all, for you, to contribute leadership.

Let's start with our immediate challenge - which is health. Unless we control the virus, we are going to struggle to get our economy and country back on track. Here's our problem. In late March, with just 600 cases of COVID infection in the country, we initiated the world's most stringent lockdown. Strong communication then associated controlling the virus with a strict lockdown in everyone's mind. Today, we have over 4 million cases and the fastest spread of infection in the world. We are simultaneously opening up and easing more and more restrictions on movement and activities. Now I agree with this opening up. The lockdowns were too draconian for a country like ours with such a large informal sector and no social safety net. So we must ease the restrictions. But we must communicate that we are opening up to restore economic activity, but warn people that the virus is spreading faster and is more dangerous than ever before. Instead, we are communicating hardly anything. So if our government - Union, State, City - is not doing what's needed, can we as citizens lead as we must? Not for the world, or the country, but for our own city of Pune? After all, Pune is at the very centre of this growth in infections. We have the very dubious distinction in Pune of having the highest infection growth rate in the last month of any city, not just in India, but in the whole world, adding around 4000 cases each day. Can we ensure that we and everyone around us, in our place of work, in our housing societies, follow strict principles of social distancing, wearing masks, and hand-washing? And can we remind people that this virus has to be controlled. People think the fatality ratio of 2% is a small number, but that means we are seeing 70 - 90 extra deaths in Pune District each day. That's around 30% more than usual, an unacceptable number. So it's up to us to turn this around.

Second, our economic slump. I'm not going to talk about the immediate needs of the economy for financial support. Instead, let's take a medium term view. All rapidly growing countries

in history have invested strongly in education. We must do so too. We have progressed in growing literacy and increasing the proportion of our population who go to college (from 6% to 26%). But we have much to do to ensure a high quality primary, secondary and higher education to all Indians. Working to include all Indians in our growth processes is an essential task for us as good companies, as good citizens. The New Education Policy that has just come out has a very simple and powerful prescription. It says that every child that completes the second standard must be able to read and do arithmetic at the second standard level. That doesn't sound like much, but it is. The latest ASER Report on the state of education in our country shows that only 44% of Standard V children can read a Standard II text. Just 23% of Standard V children can do Standard II division. By the time children finish school, they have learnt to read and do basic maths, but not having those foundational skills early in their schooling means they struggle to learn anything more advanced. Can we ensure that every second standard child in Pune District can read and do arithmetic at the second standard level? Remember the role that education played in Savitribai Phule's life, and in the transformation of prospects for our security guard's family. Let everyone in Pune District have the opportunity that education can give them.

Our third challenge of national security: again, let's take a long-term view. The best way to deal with China is to match them economically. A successful economy makes us matter to the world. That means, as I said earlier, growing 9% year on year for decades. Growing 9% annually will also deliver the \$5 Trillion economy in four years that the PM has set as our national goal. But let's go further and achieve 9% year on year for forty years, so we eventually overtake China.

I can go on, but it is time to end. I am mindful that we are meeting a week later for this Convocation than originally scheduled because of the sad passing away of President Pranab Mukherjee. It must be doubly sad to us all that he passed away from COVID, that we could not even keep a Past President of our country safe from this virus. To me, Pranab Mukherjee was an exemplary President. Some struggle to meet the demands of high office; others come into their own and elevate the office they occupy itself. Pranab Mukherjee elevated the highest office in the country by his word and deed. He turned a largely ceremonial office into a centre of change. To take one example, he made Rashtrapati Bhavan a centre for dialogue on education and educational reform. I was privileged to attend many programmes with him - you could count on leaving the programme wiser about our country and more confident of our country's future because of the content he provided. We owe it to his memory to collectively display the national leadership he embodied.

As young graduates, you are ideally placed to provide the leadership to meet these challenges - addressing our immediate health crisis by preventing the spread of the virus, placing education at the centre of our growth story so we include all 1.3 billion people in our progress, and making our country strong by growing our economy faster than anyone else. All this is a huge challenge. But it is *precisely* this point that there is so much to do, so much need everywhere, so much opportunity to contribute at work, in ones community, in ones college and in ones child's school, that makes for purpose in life.

My Congratulations again, to all the Graduates. I wish you a life of freedom where your diversity has full run, of doing what you love, and of being the leaders who will make a difference.

## मा. कुलपतींचा उपदेश

मुक्तपणे अनुवादित केलेल्या या शब्दांचा अर्थ असा की, “सत्य बोलावे. सदाचाराने वागावे. अध्ययनापासून विचलित होऊ नये. सत्यापासून विचलित होऊ नये. कर्तव्यापासून विचलित होऊ नये. आपल्या बौद्धिक किंवा नैतिक कल्याणाकडे दुर्लक्ष करू नये. आपल्या भौतिक उत्कर्षाकडे दुर्लक्ष करू नये. तसेच अध्ययनाकडे आणि अध्यापनाकडेही दुर्लक्ष करू नये.

मातेला देवाप्रमाणे पूज्य माना.  
वडिलांना देवाप्रमाणे पूज्य माना.  
गुरुजनांना देवाप्रमाणे पूज्य माना.  
राष्ट्राला देवाप्रमाणे पूज्य माना.  
ज्या कृती निर्दोष ठरतील त्यांचेच आचरण करा, इतर कृतींचे नको.  
आम्ही जी चांगली कृत्ये केली त्यांचेच अनुकरण करा.  
हा माझा आदेश आहे. हा उपदेश आहे. हे अनुशासन होय. त्याप्रमाणे वागा.”
