Date: 12 / 12 / 2025

Circular

Subject: Participation in the National Task Force Mental Health Survey

As per the directives of the **National Task Force for Mental Health**, all educational institutions have been requested to encourage participation in the nationwide **Mental Health Survey** for students, parents and teachers. The survey is available on the official portal: **ntf.education.gov.in**.

While participation is **not mandatory**, it is highly encouraged as the data collected will play a significant role in developing a **robust and evidence-based Mental Health Policy** for educational institutions across India. Meaningful responses from our institution will contribute to shaping policies that address the mental health needs of diverse academic communities.

All Heads of Departments are hereby requested to share the survey link with students, parents and faculty members within your department and motivate them to voluntarily complete the survey by 15th December 2025 by 5:00 p.m.

Dr. Juhi Deshamukh
Nodal Officer
Mental Health & Wellbeing Committee

Dr. Anagha Tambe
