

UNIVERSITY OF PUNE.
O/o EXECUTIVE ENGINEER.
Ganeshkhind Road,
Pune – 411007.
Ph:- 25601164.

Ref. - EE/Estate/2012-13/ 27

Date: - 4/4/2012.

To,

The Head

Department of

University of Pune

Pune – 411 007.

**Subject: Suggestions on proposed location maps (Signages) to be installed
on the campus of University .**

Sir,

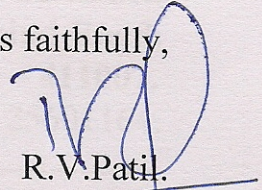

Number of dignitaries, teachers and students are visiting the campus of the University for various reasons. The feedback and suggestions received from the visitors, it is learnt that they are unable to trace out various departments and administrative sections inside the University. The Hon'ble Vice-Chancellor has also given directives to install signages on the campus. Therefore it is proposed to install the location maps at various locations on the campus. It is proposed to install total campus map at the entrance of the University i.e. Main gate, Joshi gate and IUCCA gate. Similarly the local area maps are proposed to be installed at various road junctions so that visitors can easily trace out the buildings / departments they want to visit.

In view of above a sample of local area map is put up on the web site for information and suggestions. Shortly a real size sample is also going to be installed near the Hostel office junctions. Therefore you are requested to display the enclosed notice to the faculty and students of your department and ask them to give

their feedback / suggestions if any after visiting the web site of the University and inspecting the sample.

Thanking you,

Yours faithfully,

R.V.Patil.

Executive Engineer
